Give us a call:

To start the GUIDE program Call us:
(617) 224-0367

Step 2

Step 3

Intake and Assessment

We input data to CMS Program administrator and they contact family member and client for assessment.

Approval

Upon approval you will have access to \$2,500 of annual funds for care, access to 24/7 support, case management.

Step 4

GUIDE Benefits:

- A dedicated dementia care navigator to coordinate care and connect families to essential community resources (transportation, meals, safety programs, and more).
- Training and support for caregivers to manage stress, improve safety, and delay placement.
- FREE Respite care hours—paid for by Medicare • A yearly allowance to support in-home care so patients can remain safely and comfortably at home.
