Your Home – *Our* CARE®

Our Clients

Although many people we help are seniors living at home, Assisting Hands® Home Care assists people of all ages, in many situations:

- Adults of any age following hospitalization or surgery, when walking, standing or driving may be difficult
- People with disabilities
- Hospice patients
- New mothers, or mothers-to-be on restricted activity
- Assisted Living residents who may need more assistance, whether temporary or long term
- Individuals with medical conditions that cause fatigue, weakness or general need for assistance

“Assisting Hands was excellent caring for my aging mother! She has Parkinson’s and other debilitating conditions, which required someone to be with her every day, for 8 hours a day. For over 2 years they provided caregivers that were always reliable and outstanding. I would highly recommend them, and have already done so to other family members and close friends.” – Tracy P.

“Assisting Hands helped my family handle a very stressful situation. They are great communicators and very dependable—I never worry if my parents are getting the care they need. They have worked hard to find caregivers that fit my parents personalities and needs—both my Mom and Dad are happy and well taken care of. I am extremely grateful for everything they do!” – Terri R.
