

MAKING EVERY DAY A GREAT DAY

What makes a day feel meaningful, comfortable, and joyful?

We often focus on what a person needs. But an equally important consideration is...
“WHAT WOULD HELP THIS PERSON HAVE A GREAT DAY?”

MY GREAT DAY PLAN

 I feel most like myself when...	
 Something that always makes me smile...	
 Music I love...	
 Foods or treats I enjoy...	
 A place in my home where I love to spend time...	
 A routine that's important to me...	
 Something that brings me comfort...	
 On a difficult day, please remember...	

GREAT DAYS BEGIN WITH PERSONALIZED SUPPORT.

A great day looks different for everyone. It may include a favorite meal, meaningful conversation, familiar routines, time outdoors, or simply feeling safe and comfortable at home. Home care provides personalized support that helps seniors continue doing the things they enjoy—with greater confidence, connection and independence.

Do you know a senior who could use a little extra support at home?

Let's talk about how home care can make each day safer, easier, and more enjoyable-- for seniors and the families who love them.
